Microcontroller																																				
Power Supply Design	Zach	lan	50%																																	
Power Supply Initial Testing	Zach	lan	50%																																	
Sensor Input Hardware Design	Zach	lan	50%																																	
Sensor Input Hardware Initial Testing	Zach	lan	50%																																	
Sensor Input Processing Design	Zach	lan	0%																																	
Sensor Input Processing Initial Testing	Zach	lan	0%																																	
Haptic Vibrator Design	lan	Zach	50%																																	
Haptic Vibrator Initial Testing	lan	Zach	20%																																	
Integration of Haptic Vibrator w/ Sensor Input Testing	lan	Zach	0%																																	
Bluetooth Transmission Design	lan	Cari	50%																																	
Bluetooth Transmission Initial Testing	lan	Cari	75%																																	
Smart Watch																																				
Bluetooth Reception Design	lan	Cari	0%																																	
Bluetooth Reception Initial Testing	lan	Cari	0%																																	
Game Design	Cari	Ismael	40%																																	
Game Initial Testing	Cari	Ismael	0%																																	
Graph Design	Cari	Ismael	30%																																	
Graph Initial Testing	Cari	Ismael	0%																																	
Integration of Bluetooth & App Testing	Cari	lan	0%																																	
Hardware Encasement																																				
Insole Design and Testing	Ismael	Cari	60%																																	
Other Shoe/Hardware Protection Design	Ismael	Cari	0%																																	
Further Integration																																				
Sensor Input/Processing>Bluetooth>SmartWatch App	Cari	Zach/lan	0%																																	
Smart Phone App Integration	Cari	Zach/lan	0%													İ																				
Shoe/FULL encasement Integration	Ismael	Everyone	0%																																	
Power Testing with Full Product	Zach	Everyone	0%
